Parents! Have you signed up for the MISTAR Parent Portal?

The MISTAR Parent Portal is a Web application that provides parents with direct access to student data via the Internet. Using a confidential PIN (personal identification number) and password, parents can connect to the school district's student database to view their child's data, such as attendance reports, progress reports, report cards, transcripts, and more.

If you need help with your Parent Portal account, or need to sign up, please contact the Waterford School District Data Center at

parentportal@wsdmi.org or call 248-682-2658

The portal can be accessed from the Waterford School District Website or the direct link to Mistar Parent Portal is:

<https://mistar.oakland.k12.mi.us/waterford/parentportal/>

The Waterford School District has launched a new mobile app to put District news, events, and information at your fingertips. The app was developed to increase communication with not only parents, students, and staff but the entire community.

The mobile app is engineered to offer upcoming events and alerts and connects users to important web links such as the MISTAR student information system, athletics, calendar, schools, lunch menus, transportation, and much more! The District's Twitter feed is prominently displayed on the home page to help users remain informed.

Additional features include contact information that allows users to simply push the button to call or push for directions. The mobile app is available at the Apple App Store and the Android Marketplace and is a free download for customers.
